The task: Under the leadership of Field Director Peter Thomas the field area of Africa (Central, Eastern, Southern and Western Region) has approximately 817,000 members, worshipping in 6,900 churches in 43 nations. As the church is growing in rural and urban areas and among unreached people groups, especially in the 10/40 window; ongoing and consistent Leadership Development and Ministerial Training are key elements. The 14 active Bible Schools and various extension programs have a current enrollment of 1,499 students.

Extension Program "ToT - Teaching of Teachers." This modular based program is done in collaboration with the *European Theological Seminary*. During the April/May 2018 module Paul Thompson (son of visiting lecturer) & Kristin Rudolph (our daughter) are experiencing missions, and are being impacted by Central Africa students and pastors from four Central Africa nations.

The book **"Preaching through Proverbs"** came out of a class taught by Craig Thompson in 2017. Each ToT student wrote a chapter. During his class on mentoring in April 2018 Craig presented a book copy to each student. Great excitement and shouts of joy filled the classroom as students realized that they became co-authors. Pictured is Craig presenting the book to Barnwell Manjiche from Zimbabwe.

Seeing your students excel is the greatest joy of a teacher!
